

I have just been told that the FCC is considering taking the station K-Love off the air. I really hope that people's letters and prayers help the FCC to abandon their idea. K-Love is a wonderful radio station dedicated to helping people find God through music. K-Love does have great music and messages that stays in your mind all day to encourage you. Please don't take away this radio station and all of its amazing Christian music.

Thank you,
Katie Andrew - 13 years old
